

About us

Nixon International is an international trading company specializing in agricultural commodities, food ingredients, and large-scale industrial projects.

With extensive experience in global trade, we connect reliable producers with manufacturers, distributors, and industrial buyers across international markets. In addition to agricultural trading, our expertise extends to industrial development projects, engineering cooperation, and strategic commercial partnerships.

Our mission is to build long-term business relationships by delivering dependable sourcing, transparent trade practices, and efficient supply chain solutions.

Why Nixon International?

We collaborate with trusted suppliers to ensure stable and consistent product availability.
Every shipment is sourced and supplied according to international quality standards and customer requirements.
Our experienced team is committed to providing responsive communication and reliable service throughout every stage of the trading process.

Flaxseed
at a Glance

Flaxseed is an oil-rich agricultural commodity valued for its nutritional properties and versatile industrial applications. It is used in animal feed, food production, oil extraction, and various processing industries. Our flaxseed is sourced and supplied according to customer specifications and market requirements.

Flaxseed
SUPPLY & TRADE SOLUTIONS

Nixon International supplies flaxseed, flaxseed meal, and flaxseed oil for food, feed, oil processing, and other industrial applications.

Through reliable sourcing partnerships, we offer buyers flexible solutions based on product specifications, required volumes, destination, and preferred delivery terms. Transactions can be arranged under internationally recognized Incoterms including EXW, FCA, FOB, CFR, CIF, CPT, and CIP.

With coordinated logistics and flexible commercial arrangements, we support efficient cross-border trade across Central Asia and surrounding markets.
